OUR CORE VALUES

The Immune Deficiency Foundation (IDF) improves the diagnosis, treatment, and quality of life of people affected by primary immunodeficiency (PI) through fostering a community empowered by advocacy, education, and research.

Our core values are inclusion, integrity, and innovation. Inclusion can only occur when everyone within our community and beyond has the opportunity to belong, to be heard, to be valued. To uphold integrity, it’s critically important that we are trustworthy stewards for the PI community, putting their livelihood first. We will embrace challenges head-on with new solutions and ways to strengthen the PI community through innovation. In addition, we commit to serving our constituents with transparency, trust, and compassion. The Immune Deficiency Foundation is proud to be an equal opportunity employer. We are rare and we are powerful. Like the stripes of a zebra, no two people are the same, and at IDF, we celebrate this uniqueness every day. An inclusive, diverse, and fair workplace makes our community more powerful.

At IDF, we build communities and programs for people living with PI. It’s through these services, that they can connect with other individuals, families, and healthcare professionals who are living and working with PI. In 2019, we implemented initiatives to foster relationships within the community, and provide rich and accurate information and resources to thousands.

We helped advance research and worked collaboratively with expert clinicians from across the country to better understand patient experiences and improve outcomes. All those living with PI continue to rely on IDF for information and support, which is why we’ve made the commitment to ensure a better future for generations to come.
EDUCATION

Each year, IDF holds informative gatherings throughout the country to educate those living with PI about their rare, chronic disorder. In 2019, IDF Education Meetings grew in scope and depth — reaching more people through enhanced topics. Our greatest efforts have been made to partner with top physicians nationwide to reach more individuals and families and to enrich the content available to attendees.

16,959
patients and healthcare professionals reached with 230 presentations in 112 cities, 36 states, and 2 countries.

112 healthcare professionals volunteered at education meetings attended by 1,877 individuals.

298,377
education materials distributed at no cost to patients and families.

WORKING TOGETHER

Volunteers are the heart of what we do.

IDF Volunteer Network
We had 506 active volunteers; creating a dedicated national network that advances the reach and serves IDF in areas of strategic importance to the PI community.

IDF Plasma Partner Program
186 individuals volunteered their time as plasma awareness coordinators, visiting numerous plasma centers across the country. Each of these coordinators shared their stories with donors, adding a face and humanizing the experience of plasma donation.

IDF Get Connected Groups
are designed to connect individuals and family members living with PI in their local communities.

31 Get Connected Groups with
57 Get Connected Leaders
coordinated 79 get-togethers in
17 states attended by 650 individuals.

IDF Peer Support Program
connects people and patients who share similar relationships to PI.

96 trained individuals with a personal experience living with a PI volunteered to offer one-to-one peer support.
UNITING THE COMMUNITY

We strive to connect families with each other and with healthcare professionals.

The **IDF 2019 National Conference** was held at National Harbor, MD (just outside of Washington, DC) from June 20-22, 2019. The IDF National Conference is IDF’s preeminent event, held biennially in varied and diverse locations throughout the United States, and serves as a platform for all facets of the PI community. From physicians to nurses to specialized life management experts, patients and families are presented with an unsurpassed opportunity to network with those on the cutting edge of research and treatment. The conference brings together all sectors of the PI community, and is the world’s largest gathering of families living with PI.

**IDF Walk for Primary Immunodeficiency** unites the PI community to help create better lives and find cures for individuals living with these rare, chronic disorders. IDF Walk for PI is IDF’s largest fundraising event, and funds raised through this event help award grants for patient-focused research in the field of PI. Individuals with PI, their families, and their friends come together to raise awareness and funds. In 2019, more than 3,900 walkers from 26 cities and 512 teams came together and raised more than $965,000.

**IDF Teen Escapes** bring together teens (aged 12-18) to meet face-to-face to learn from healthcare and life management experts. Teens tackle age and disease related issues while gaining confidence through peer support. Meanwhile, parents participate in sessions geared toward their own issues and concerns. In 2019, IDF Teen Escapes were held in Phoenix, AZ (July 13-14) and Orlando, FL (July 27-28) with more than 200 attendees, with 60% being first-time attendees.

OPTIMIZING THE ONLINE USER EXPERIENCE

Expanding the content and functionality of the IDF website.

**Website**

More than 973,097 users accessed primaryimmune.org. This go-to resource for the PI community offers a streamlined and intuitive experience for the user.

**Physician Finder**

Users can log into their account and find a specialist right in their area. The service includes more than 2,600 clinicians.

460 requests were submitted by patients and families who needed help locating specialists.
ADVANCING RESEARCH

We have leveraged technology to help give researchers insight into the patient experience as well as give patients tools to better track their health.

IDF PI CONNECT & IDF ePHR
empowers patients to participate and help transform research by consenting to share their data and their individual experiences. Individuals become a part of IDF PI CONNECT through IDF ePHR, an electronic personal health record, providing users with the latest advancements in health record system management.

IDF ePHR increased to
4,420 health records with 2,679 IDF PI CONNECT participants.

United State Immunodeficiency Network (USIDNET)
was established to advance scientific research of PI and provide resources for work on PI, including the establishment and expansion of a patient registry, a program for the education and mentoring of young investigators, and the maintenance of a cell repository for use in research.

In 2019, there were 7,487 registered participants in USIDNET.

IDF Research Grant Program
Since 2013, the dollars raised by IDF Walk for Primary Immunodeficiency have been used to establish the IDF Research Grant Program, awarding grants to help improve the diagnosis, treatment, and quality of life of people affected by PI.

In 2019, IDF Research Grant Program awarded 4 research grants.

MEDICAL OUTREACH

IDF actively promotes and develops medical education and resources to improve the diagnosis, treatment, and care of PI.

Consulting Immunologist Program
2,600 medical professionals in the U.S. and Puerto Rico were contacted by IDF, and exhibited at 11 medical conferences.

91 physicians were provided with the opportunity to consult with expert clinical immunologists about patient-specific questions and obtain valuable diagnostic, treatment, and disease management information.
COMMUNICATIONS
Connecting in person, through screens, and beyond.

National Primary Immunodeficiency Awareness Month & World PI Week (April 22-29)
IDF conducted an active social media campaign throughout April, asking followers to share facts and submit their own photos and experiences, using campaign hashtags #piawareness, #THINKZEBRA, and #worldpiweek.

IDF Resource Center
Videos housed on the IDF Resource Center were watched more than 142,572 times. IDF uploaded 117 new videos to our YouTube channels circulating more than 91,613 views. One new episode on our podcast, Primary Immunodeficiency Q&A, launched and was played more than 1,100 times.

IDF Social Media Stats
- Facebook: 18,274 IDF followers & 3,496 Walk for PI followers
- Twitter: 3,206 IDF followers
- Instagram: 2,995 IDF followers
- LinkedIn: 1,569 Followers
- IDF: 7,247 Members

Newsletter and E-newsletter
- 32,500 Individuals received the newsletter IDF ADVOCATE
- 29,426 Individuals received monthly e-Newsletters Primary Immune Tribune

PUBLIC POLICY
The voice of the PI community

Advocacy Day 2019
IDF Advocacy Day, held annually on Capitol Hill, focuses on garnering legislative support for issues important to the PI community. Participants met face-to-face with legislators and sat in on Congressional meetings. In 2019, 161 patients and family members participated in 149 legislative meetings.

State Advocacy Workshops
22 patients and family members participated in 29 legislative meetings to advocate for access to care, screening and diagnosis, and support for all of those affected by PI.

SCID Compass
In 2019, IDF continued to actively support and educate families affected by launching an innovative new website (scidcompass.org) dedicated to individuals and families affected by SCID.

Because primary immunodeficiencies are rare, chronic conditions, continuity in our programs is one of the most important aspects of the services provided by IDF. Thanks to the Core Service Program, IDF is able to provide the educational materials and local programming to patients, families, and healthcare professionals free of charge. IDF greatly appreciates these supporters and all others who make our mission possible.

The Immune Deficiency Foundation makes every effort to ensure the accuracy of donor and fundraiser lists. We extend our deepest regrets to any donor who may have been inadvertently omitted from this report. If you have a concern or correction, please contact us at 800-296-4433 or email us at development@primaryimmune.org.

Thank you for your support!
