Walking Together for Better Lives and Cures

Primary immunodeficiency diseases (PI) are a group of more than 300 rare, chronic disorders in which part of the body’s immune system is missing or functions improperly. People with PI face an increased vulnerability to infections, endure recurrent health problems and often develop serious illnesses throughout their entire lives. These individuals can also find it difficult to receive proper diagnosis, treatment and specialized healthcare throughout their journey.

You can help change this narrative by signing up for IDF Walk for PI and walking with us to create better lives and find cures to all types of these diseases.

Will You Walk with Us in 2017?

Atlanta, GA - 10/28
Boston, MA - 10/1
Chicago, IL - 10/22
Cleveland, OH - 9/24
Dallas, TX - 11/11
Fort Lauderdale, FL - 11/19

Kansas City, MO - 10/29
Los Angeles, CA - 11/5
New York City, NY - 10/22
Philadelphia, PA - 10/15
St. Louis, MO - 10/15
Tampa, FL - 11/18
